

## NOTICE OF PERFORMER APPLICATION

November 10, 2008

The Tennessee Pollution Prevention Partnership (TP3) is considering Volvo Penta Marine Products of Lexington, Tennessee for **TP3 Performer** status. Volvo Penta's application for this top level in the Partnership indicates their commitment to pollution prevention and continual improvement to the environment.

This announcement confirms the meeting and offers the opportunity for public comment. The TP3 Performer Level Review Panel (PLRP) will evaluate Volvo Penta Marine Products on December 11, 2008. Comments regarding Volvo Penta Marine Products may be submitted by e-mail to [pollution.prevention@state.tn.us](mailto:pollution.prevention@state.tn.us) and must be received by November 26, 2008. TP3 staff will research the comments, communicate with the Performer applicant, and respond to comments before the Performer Level Review Panel meeting on December 11, 2008.
